

# The Skeletal System

## Lab Test Terms

1. acetabulum
2. acromion process
3. anterior cruciate ligament
4. appendicular skeleton
5. articular cartilage
6. atlas
7. axis
8. ball and socket
9. calcaneus bone
10. capitate
11. capitulum
12. carotid canal
13. carpals
14. central canal (Haversian)
15. cervical vertebrae
16. chondrocyte
17. chondroitin sulfate
18. clavicle bone
19. coccyx
20. compact bone
21. coronal suture
22. coronoid process
23. coracoid process
24. costal cartilage
25. coxal bone
26. cribriform plate
27. crista galli
28. cuboid
29. cuneiform (three)
30. dens (odontoid process)
31. endosteum
32. epiphyseal plate
33. ethmoid bone
34. external acoustic meatus
35. femur
36. fibula
37. foramen magnum
38. foramen ovale
39. foramen spinosum
40. fovea capitis
41. frontal bone
42. glabella
43. glenoid cavity
44. greater trochanter
45. greater tubercle
46. hamate
47. head of femur
48. hinge joint
49. humerus
50. hyaline cartilage
51. hydroxyapatite
52. ilium
53. inferior nasal conchae
54. infraorbital foramen
55. ischial spine
56. ischium
57. jugular foramen
58. lacrimal bone
59. lacunae
60. lambdoid suture
61. lateral collateral ligament
62. lateral malleolus
63. lesser trochanter
64. lesser tubercle
65. lumbar vertebra
66. lunate
67. mandible
68. mandibular condyle
69. mandibular fossa
70. manubrium
71. mastoid process
72. maxilla
73. medial (tibial) collateral ligament
74. medial malleolus
75. medullary cavity
76. meniscus
77. mental foramen
78. metacarpals
79. metatarsals
80. nasal bone
81. navicular
82. obturator foramen
83. occipital bone
84. occipital condyle
85. occipital protuberance
86. olecranon fossa
87. olecranon process
88. optic canal
89. osteocyte
90. palatine bone
91. paranasal sinus
92. parietal bone
93. patella
94. patellar tendon
95. periosteum
96. phalanges
97. pisiform
98. pivot joint
99. posterior cruciate ligament
100. pubic symphysis
101. pubis
102. radial tuberosity
103. radius
104. red marrow
105. rib (true, false, floating)
106. sacrum
107. saddle joint
108. sagittal suture
109. scaphoid
110. scapula
111. sella turcica
112. sesamoid bone
113. sphenoid bone
114. spinous process
115. spongy (trabecular) bone
116. squamosal suture
117. sternum
118. styloid (temporal)
119. sutural bone (wormian)
120. synovial joint
121. tarsals
122. talus bone
123. temporal bone
124. thoracic vertebra
125. tibia
126. tibial tuberosity
127. transverse foramen
128. transverse process
129. trapezium
130. trapezoid
131. triquetrum
132. trochlea
133. trochlear notch
134. ulna
135. vertebral foramen
136. vomer bone
137. yellow marrow
138. xiphoid process
139. zygomatic bone
140. zygomatic process (temporal)
