

## *Unit 15 The Urinary System*

*Kidney Dissection Lab Practical Exam Terms to Know*

ADH  
Adrenal gland  
Afferent arteriole  
Aldosterone  
Ammonia  
Arcuate artery  
Arcuate vein  
Collecting duct  
Cortical nephron  
Cortical radiate artery  
Cortical radiate vein  
Creatinine  
Distal convoluted tubule  
Efferent arteriole  
Erythropoietin  
Glomerulus  
Hilum (hilus)  
Interlobar artery  
Interlobar vein  
Juxtamedullary nephron  
Loop of Henle  
Major calyx  
Minor calyx  
Nephron  
Peristalsis  
Proximal convoluted tubule  
Renal artery  
Renal capsule  
Renal column  
Renal cortex  
Renal medulla  
Renal papilla  
Renal pelvis  
Renal pyramid  
Renal vein  
Renin  
Retroperitoneal  
Segmental artery  
Urea  
Ureter  
Urethra  
Uric Acid  
Urinary bladder
